

# MODEL THE PIONEER PACKAGE

This is quite likely the greenest most authentic and charming log cabin package on the market today. Well thought out and simple to build for the owner/builder. You will assemble the pioneer cabin package using either peeled or bark on full round saddle notched sanding dead logs. Your package comes complete with plans, engineering, material lists, and general instructions. Cabin packages can be bigger, however, they are priced in 16'x24' so that they can be transported in the future if desired.

## SPECIFICATIONS

- Full round log, peeled or bark on option, chinking materials not included
- Floor - 9 1/2" BCI floor system and hardware, 3/4" tongue and groove sub-floor, with reclaimed patina oak flooring
- Roof - 10 3/4" structurally insulated panels
- Roofing - raw steel corrugated metal
- Ceiling - soffit and fascia, back side brown reclaimed barn wood
- Windows - double hung wood
- Door - reclaimed wood door with Sun Valley Bronze hardware
- Eave porch and decking

## PACKAGE OPTIONS

- SIPS floor
- Wood stove
