| Size           | Living 804sf                       |
| Engineering    | Wind: TBD, Snow: TBD, Seismic: TBD |
| Classification | Residential                        |
| Starting Price | \$TBD                              |

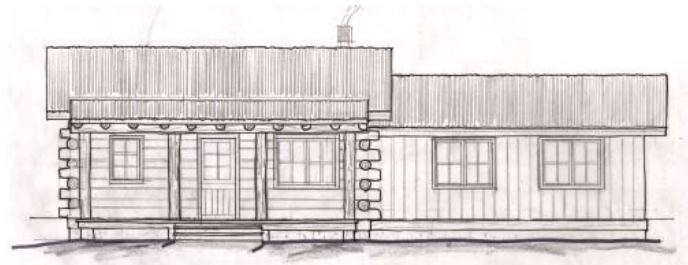

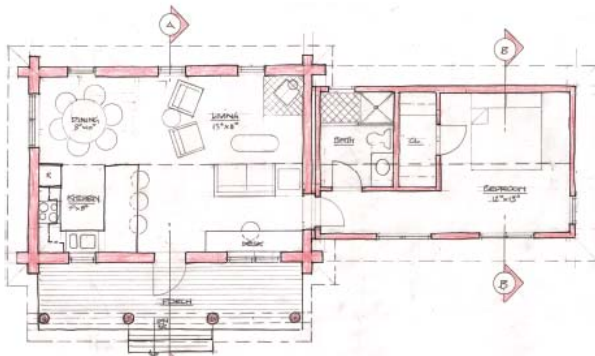

### PLANS: Available for Sale

### DESCRIPTION:

The Annex Cabin is a design which we can apply to many of our buildings. A smaller stick frame building can easily be added to the gable end of any of our cabins to add square footage for bed/bath or otherwise.
