

PIONEER CABIN COMPANY

ARCHITECTURALLY AUTHENTIC LODGING.

The Pioneer Cabin:

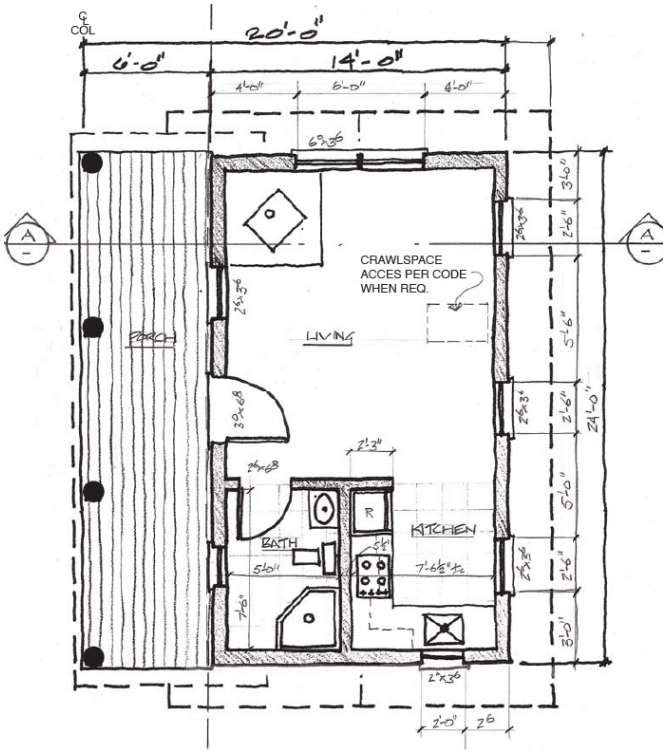

QUICK FACTS:

Size	14' or 16' x24', or custom size.
Fully engineered	Wind: 90mph, Snow: 150psf , Seismic: D
Classification	Residential
Starting Price	\$95,000

DESCRIPTION:

The Pioneer Model Cabin is hand crafted using full round logs taken from standing dead timber. Logs can be hand peeled and stained, or left barky. Floors, ceilings, doors, and trim all use reclaimed barn wood. This model is fully insulated with SIPs roof and insulated floors. This cabin is an architecturally authentic hand made log cabin, built as environmentally conscious as construction allows.
